

FOR IMMEDIATE RELEASE

SoftMaker launches two affordable subscription models with SoftMaker Office NX

July 24, 2018 – Those who would like to use an Office suite with flexibility and affordability should take a look at the new SoftMaker Office NX. Under this label, German software developer SoftMaker launches two versions of SoftMaker Office: one especially economical and one particularly powerful.

In brief:

- The two subscription models, SoftMaker Office NX Home and SoftMaker Office NX Universal, are available today for Windows, Linux and Mac.
- Both packages include the TextMaker 2018 word processor, PlanMaker 2018 spreadsheet application, and Presentations 2018 presentation software. Windows and Linux users also receive exclusive add-ons for the Thunderbird email client.
- With a monthly price of US\$/EUR 4.99, the **SoftMaker Office NX Home** subscription offers the most economical entry into the world of SoftMaker Office products. It is optionally available for Windows, Linux or macOS.
- The **SoftMaker Office NX Universal** package, priced at US\$/EUR 6.99 per month, is the family's most powerful offspring, including the Office suite for all three operating systems and Berlitz translation dictionaries in five languages.
- Using Microsoft's DOCX, XLSX and PPTX file formats natively, SoftMaker Office NX provides seamless compatibility with Microsoft Office.

With the SoftMaker Office NX product family, the German developer SoftMaker has produced two new versions of its popular Office suite. Available for either a monthly or annual price, both versions offer maximum flexibility.

Both versions, the economical SoftMaker Office NX Home and the powerful SoftMaker Office NX Universal package, offer all the programs needed for day-to-day office work: the word processor TextMaker 2018, the spreadsheet application PlanMaker 2018 and the presentation software Presentations 2018. The Windows and Linux versions also offer exclusive add-ons for the email program Thunderbird. Using Microsoft's DOCX, XLSX and PPTX file formats natively, the applications provide the highest level of compatibility with Microsoft Office.

With a monthly price of US\$/EUR 4.99 (£ 4.49), SoftMaker Office NX Home offers the most economical entry into the world of SoftMaker Office. The annual subscription is available for US\$/EUR 49.90 (£ 44.90). A license entitles you to install the package either on five Windows PCs, five Linux PCs or five Macs.

SoftMaker considers the powerful SoftMaker Office NX Universal package the flagship of its Office programs. For US\$/EUR 6.99 (£ 5.99) per month or US\$/EUR 69.90 (£ 59.90) per year, the Office suite can be installed on up to five devices with any desktop operating system (Windows, Linux, macOS). It also includes Berlitz dictionaries for translation into five languages, an attractive additional feature.

Both subscription versions contain the latest versions of the applications. Upgrades to newer versions are included in the price.

Purchase versions still available

SoftMaker offers its Office suite not only as a subscription but also as a one-time purchase. SoftMaker Office Standard 2018 and SoftMaker Office Professional 2018 are available for US\$/EUR 69.95 (£ 59.99) and US\$/EUR 99.95 (£ 89.99) respectively.

A free 30-day trial version can be downloaded from the SoftMaker at www.softmaker.com.

About SoftMaker

SoftMaker has been developing Office software since its inception in 1987: word processing (TextMaker), spreadsheet (PlanMaker) and presentation applications (Presentations). The flagship SoftMaker Office is available for Windows, Linux, Android and macOS. The outstanding features of software from SoftMaker are ease-of-use, extremely high compatibility with Microsoft Office and speed. Coupled with competitive pricing, these features offer an unbeatable combination. SoftMaker's second core strength is high-quality computer fonts. With the two product lines MegaFont NEXT and infiniType, home users as well as professional designers, printers and publishers receive font libraries of the highest quality.
